Good Music Finds A Home

Hear The New Old Skool, an album by Coast 2 Coast and The Fantastic Gems

While **The Fantastic Gems** is a music group formed in 1968, **Coast 2 Coast** is an outfit that was created years later by two of its original members (after the group had disintegrated). Coast 2 Coast was active between 1986 and 1990. A couple of decades after that, in 2016, The Fantastic Gems (and Coast 2 Coast) reunited to create an album.

The New Old Skool, released last year, is the result of their three-year creation process. The deeply soulful album is 11 tracks long and offers listeners a chance to enjoy music in its purest form. Sonically diverse and lyrically delightful, it is a collection of songs worth every repeated listen. The singers' vocals and harmonies help make the songs even more pleasing.
